IRCA ISO 9001:2015 Lead Auditor Training: Quality Management Systems (QMS)

Ref: 16169_1009201 **Date:** 21 – 25 February 2027 **Location:** Manama (Bahrain) **Fees:** 4900 Euro

Introduction:

The IRCA ISO 9001:2015 Lead Auditor Training: Quality Management Systems QMS is a globally recognized qualification designed to develop the knowledge and skills required to audit quality management systems effectively. This intensive course enables professionals to lead, plan, conduct, report, and follow up on QMS audits by ISO 9001:2015 and ISO 19011 guidelines. It empowers participants to evaluate process efficiency, identify quality risks, and contribute to continuous improvement initiatives.

This IRCA ISO 9001:2015 Lead Auditor Course: Quality Management Systems QMS is essential for those pursuing IRCA certification and international recognition as a certified lead auditor. The training covers real-world auditing scenarios and promotes a risk-based thinking approach. It offers insights into planning, executing, and closing audits while ensuring compliance with ISO standards. Participants will gain confidence in both internal and external auditing of QMS in diverse industrial sectors.

Targeted Groups:

This IRCA ISO 9001:2015 Lead Auditor Training: Quality Management Systems QMS targets professionals seeking specialized knowledge and skills:

- Quality managers seeking lead auditor certification.
- Internal auditors are aiming to upgrade to external audit roles.
- Professionals are responsible for supplier audits.
- Consultants offering ISO 9001 implementation services.
- Engineers and technical managers oversee QMS.
- Compliance officers ensure organizational conformance.
- Auditors wishing to register as IRCA-certified professionals.
- Professionals preparing for third-party or certification audits.
- Senior managers leading quality assurance functions.
- Individuals seeking career advancement in quality management.

Targeted Competencies:
