Partnership Between Sectors and Strategic Institutions

Ref: 121232_1023784 **Date:** 30 May – 3 June 2027 **Location:** Manama (Bahrain) **Fees:** 5500 Euro

Introduction:

The Partnership Between Sectors and Strategic Institutions course explores the frameworks and strategies for building effective collaborations between public, private, and strategic institutions. Participants will understand how to align objectives, enhance mutual benefits, and navigate regulatory and operational challenges. The training emphasizes practical approaches to partnership development, risk management, and policy integration.

The Partnership Between Sectors and Strategic Institutions program addresses global trends, best practices, and innovative strategies for sustainable cooperation. Participants will gain tools to assess partnership opportunities and measure outcomes. The training combines theory with applied scenarios to strengthen decision-making and strategic planning skills.

Targeted Groups:

This Partnership Between Sectors and Strategic Institutions training targets professionals seeking specialized knowledge and skills:

- Government officials managing institutional collaborations.
- Corporate managers oversee strategic partnerships.
- Policy advisors in the public and private sectors.
- NGO leaders coordinating cross-sector projects.
- Consultants designing institutional engagement strategies.
- Project managers implementing collaborative initiatives.

Course Objectives:

Participants will achieve the following objectives by completing the Partnership Between Sectors and Strategic Institutions course:

- Understand key models of cross-sector collaboration.
- Identify opportunities for strategic partnerships.
- Analyze regulatory and operational challenges.
- Develop frameworks for sustainable collaboration.
- Enhance negotiation and communication strategies.
- Assess risks and create mitigation plans.
- Align institutional objectives for mutual benefit.
- Measure partnership outcomes effectively.
- Apply best practices in project and policy integration.
