Effective Purchasing and Contract Negotiation Management

Ref: 121255_1024621 **Date:** 26 – 30 September 2027 **Location:** Cairo (Egypt) **Fees:** 3500 Euro

Introduction

Effective purchasing and contract negotiation are essential for organizational success, cost optimization, and supplier relationship management. This course equips professionals with strategies to negotiate favorable terms, evaluate supplier performance, and manage procurement risks. Participants will learn how to develop procurement plans, handle complex contracts, and apply practical negotiation techniques. The program emphasizes real-world applications to improve efficiency, reduce costs, and ensure compliance. By integrating best practices and strategic approaches, learners will enhance decision-making in purchasing processes. This course provides actionable insights for both new and experienced professionals in procurement and contract management.

Targeted Groups

This Effective Purchasing and Contract Negotiation Management targets professionals seeking specialized knowledge and skills:

- Procurement managers and officers
- Contract administrators
- Supply chain coordinators
- Purchasing agents
- Project managers handling vendor contracts
- Business development professionals
- Legal advisors in procurement
- Professionals seeking negotiation skill enhancement

Course Objectives

Participants will achieve the following objectives through Effective Purchasing and Contract Negotiation Management:

- Understand procurement and purchasing processes
- Develop strategic sourcing strategies
- Conduct supplier evaluation and selection
- Negotiate favorable contract terms
- Manage supplier relationships effectively
- Minimize procurement risks
- Ensure compliance with organizational and legal standards
- Apply cost-control techniques
- Enhance decision-making in purchasing

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

- Use practical negotiation tools and methods

Targeted Competencies

Participants will gain the following competencies during the program:

- Strategic sourcing and supplier management
- Effective contract negotiation
- Risk identification and mitigation
- Cost analysis and reduction strategies
- Legal and compliance awareness in contracts
- Communication and persuasion skills
- Decision-making in complex procurement scenarios
