Ref: 121422_1031871 **Date:** 14 – 18 March 2027 **Location:** Cairo (Egypt) **Fees:** 3500 Euro

Introduction

Strategic leadership is a vital capability for guiding organizations toward sustainable success in an increasingly complex business environment. This Strategic Leadership Skills for Organizational Growth course equips learners with the analytical tools, decision-making frameworks, and strategic mindset required to lead with clarity and influence.

Participants in this Strategic Leadership Skills for Organizational Growth training will explore how long-term vision integrates with organizational priorities to shape growth strategies, optimize performance, and foster a culture of innovation. Through rich conceptual frameworks and real-world insights, learners will deepen their understanding of the principles of effective leadership that drive change.

The Strategic Leadership Skills for Organizational Growth program emphasizes how strategic leadership impacts organizational growth, supports transformational change, and strengthens competitive advantage. Ultimately, this training enhances the ability to lead high-performing teams, manage change initiatives, and align organizational goals with dynamic market demands.

Targeted Groups

This Strategic Leadership Skills for Organizational Growth training targets professionals seeking knowledge and skills:

- Mid-level managers preparing for executive leadership responsibilities.
- Senior leaders are aiming to expand strategic leadership capabilities.
- Team leaders are responsible for fostering high performance and culture.
- HR professionals are involved in leadership development initiatives.
- Business consultants advising on organizational growth strategies.
- Emerging leaders seeking competency in decision-making and influence.

Course Objectives

Participants will achieve the following objectives by completing the Strategic Leadership Skills for Organizational Growth course:

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

- Understand the core principles of strategic leadership and executive decision-making.
- Analyze how effective leaders align team performance with strategic plans.
- Develop skills to create and implement growth-oriented organizational strategies.
- Strengthen abilities to lead transformational change and influence stakeholders.
- Assess leadership styles that maximize team engagement and performance.
- Apply critical thinking in evaluating complex business challenges.
- Enhance strategic communication skills to articulate vision and direction.
- Build capacity to evaluate organizational culture and drive continuous improvement.

Targeted Competencies

Participants will gain the following competencies during the Strategic Leadership Skills for Organizational Growth program:

- Strategic leadership capabilities applicable to complex organizational environments.
- High-impact decision-making skills in uncertain and dynamic contexts.
- Competency in guiding long-term planning processes and goal setting.
- Leadership skills that support talent engagement, retention, and development.
- Proficiency in diagnosing organizational issues and crafting actionable solutions.
- Competence in fostering innovation and agile thinking within teams.
- Enhanced skills in guiding change management initiatives effectively.
- Strategic communication and influence skills with senior stakeholders.
- Ability to integrate ethical leadership principles into organizational practices.
- Preparedness to drive sustained organizational growth and competitive advantage.

Studying Scenarios

In this Strategic Leadership Skills for Organizational Growth training, participants develop skills through the following scenarios:

- Analyzing case studies of transformational leadership in global companies.
- Developing strategic plans for organizational expansion into new markets.
- Role-play decision challenges faced by executive leaders during crises.
