Executive Leadership for Leadership Development Workshop

Ref: 121475_1034211 **Date:** 18 – 22 July 2027 **Location:** Amman (Jordan) **Fees:** 3300 Euro

Introduction

This Executive Leadership for Leadership Development workshop strengthens executive leadership capabilities for professionals operating in senior and strategic roles. It focuses on enhancing leadership development practices that drive organizational performance and sustainable growth. Participants will explore advanced concepts of executive decision-making, strategic leadership, and team influence within complex business environments. The program emphasizes practical leadership skills that align with modern corporate expectations and global leadership standards. It also builds a strong foundation in leadership development strategies that support succession planning and talent growth. It prepares leaders to navigate challenges with confidence and lead organizations toward long-term success.

Targeted Groups

This Executive Leadership for Leadership Development training targets professionals seeking knowledge and skills:

- Senior executives aiming to strengthen leadership decision-making skills.
- Middle managers preparing for executive leadership roles.
- Team leaders are responsible for improving organizational performance.
- HR professionals are involved in leadership development programs.
- Project managers leading cross-functional teams.
- Business owners seeking strategic leadership growth.
- Department heads manage complex organizational structures.
- Professionals aspiring to advanced leadership training and career growth.

Workshop Objectives

Participants will achieve the following objectives by completing the Executive Leadership for Leadership Development Workshop:

- Develop advanced executive leadership skills for strategic decision-making and organizational direction.
- Strengthen leadership development capabilities to improve team performance and productivity outcomes.
- Enhance strategic leadership thinking for long-term business planning and competitive advantage.
- Build effective leadership communication skills for influencing stakeholders and executive teams.
- Improve leadership competencies in managing organizational change and transformation processes.
- Apply leadership development frameworks to support talent growth and succession planning.
- Strengthen problem-solving and critical thinking in executive-level leadership scenarios.

Dubai - UAE: +971 4 450 5697
