IFRS Updates & Practical Application Techniques

Ref: 121811_1048832 **Date:** 11 – 15 January 2027 **Location:** Boston (USA) **Fees:** 7500 Euro

Introduction

The IFRS Updates & Practical Application Techniques course provides professionals with knowledge of recent IFRS developments and their impact on financial reporting. It explores key IFRS changes, interpretations, and implementation approaches affecting accounting practices. Participants learn how updated standards influence financial statements, disclosures, and recognition principles. The program develops skills for analyzing IFRS requirements and applying them in financial processes. It highlights the connection between IFRS updates, accounting policies, and transparent reporting. It supports professionals in maintaining effective practices aligned with international accounting frameworks.

Targeted Groups

This IFRS Updates & Practical Application Techniques training targets professionals seeking knowledge and skills:

- Financial accountants manage updated IFRS reporting requirements.
- Finance managers improve financial reporting accuracy.
- Auditors reviewing IFRS compliance practices.
- Accounting professionals apply international standards.
- Financial controllers enhance reporting processes.
- Investment analysts interpret IFRS-based financial information.
- Tax specialists understand financial statement impacts.
- Business professionals involved in accounting decisions.

Course Objectives

Participants will achieve the following objectives by completing the IFRS Updates & Practical Application Techniques course:

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

- Understand recent IFRS updates and their implications for financial reporting practices.
- Identify key changes affecting recognition, measurement, and disclosure requirements.
- Analyze the practical application of updated IFRS principles in organizations.
