Mastering Strategic Agility and Multi-Project Leadership

Ref: 121201_1071258 **Date:** 13 – 17 December 2026 **Location:** Cairo (Egypt) **Fees:** 3500 Euro

Introduction:

This Mastering Strategic Agility and Multi-Project Leadership course equips professionals with the skills to lead multiple complex projects using adaptive leadership and hybrid agile models. Participants will learn to integrate traditional project management structures with agile execution to ensure alignment across large portfolios. It emphasizes balancing flexibility, governance, and control over resources.

Through practical frameworks and real-world scenarios, learners will enhance decision-making and risk management capabilities. The Mastering Strategic Agility and Multi-Project Leadership program fosters strategic agility to respond effectively to changing business environments. It prepares leaders to drive performance while maintaining oversight across diverse projects.

Targeted Groups:

This Mastering Strategic Agility and Multi-Project Leadership course targets professionals seeking specialized knowledge and skills:

- Project managers handling multiple projects.
- Program and portfolio managers.
- Senior managers in complex organizations.
- Team leaders implementing agile frameworks.
- PMO directors seeking strategic oversight.
- Professionals driving organizational change.
- Leaders aiming to balance flexibility and governance.

Course Objectives:

Participants will achieve the following objectives by completing the Mastering Strategic Agility and Multi-Project Leadership course:

- Apply adaptive leadership techniques across multiple projects.
- Integrate hybrid agile and traditional project methods.
- Manage risks and dependencies effectively.
- Optimize resource allocation across portfolios.
- Improve cross-team collaboration and communication.
- Align projects with organizational strategy.
- Enhance decision-making in dynamic environments.
- Balance governance with operational flexibility.
- Drive performance and efficiency in large-scale projects.

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

Targeted Competencies:

Participants will gain the following competencies during the Mastering Strategic Agility and Multi-Project Leadership program:

- Strategic thinking and agile leadership.
- Multi-project portfolio management.
- Risk assessment and mitigation.
- Effective resource planning and allocation.
- Governance and compliance management.
- Team coordination and stakeholder engagement.
- Adaptive decision-making under uncertainty.
- Balancing operational flexibility with control.
- Continuous performance monitoring and improvement.

Studying Scenarios:

In this Mastering Strategic Agility and Multi-Project Leadership training, participants will develop their skills through the analysis of the following scenarios:

- Leading concurrent complex projects with conflicting priorities.
- Implementing hybrid agile frameworks in traditional environments.
- Resolving resource allocation challenges across portfolios.
- Managing risks in dynamic project landscapes.
- Aligning project outcomes with organizational objectives.
- Coordinating cross-functional teams for strategic initiatives.
- Addressing change management during portfolio transitions.
- Balancing governance with flexible execution approaches.
