MERCURY

Certified Assessor

Ref: 121251_1071930 **Date:** 25 – 29 October 2027 **Location:** Zanzibar (Tanzania) **Fees:** 5300 Euro

Introduction

The Certified Assessor course equips professionals with essential assessment skills in a condensed timeframe. It emphasizes practical knowledge, critical thinking, and decision-making abilities for effective evaluation. Participants will gain expertise in assessment methodologies, performance measurement, and compliance standards. The course ensures proficiency in analyzing scenarios and producing actionable insights. It is tailored for professionals seeking accelerated skill development without compromising quality. By completion, participants will be confident in conducting assessments across various organizational settings.

Targeted Groups

This Certified Assessor targets professionals seeking specialized knowledge and skills:

- HR specialists are conducting employee assessments.
- Internal auditors and compliance officers.
- Quality assurance and control managers.
- Project and program evaluators.
- Training and development coordinators.
- Professionals preparing for certification in assessment roles.

Course Objectives

Participants will achieve the following objectives by Certified Assessor completion:

- Understand assessment principles and frameworks.
- Apply effective evaluation techniques.
- Identify performance gaps accurately.
- Develop actionable recommendations.
- Enhance reporting and documentation skills.
- Ensure compliance with organizational standards.
- Make informed decisions based on evidence.
- Improve risk identification and mitigation.
- Strengthen analytical and observation capabilities.

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

Targeted Competencies

Participants will gain the following competencies during the program:

- Proficiency in assessment tools and methods.
- Accuracy in evaluating employee and organizational performance.
- Critical thinking for decision-making.
- Ability to interpret complex data effectively.
- Strong reporting and documentation skills.
- Capability to provide constructive feedback.
- Knowledge of compliance and regulatory standards.
- Efficiency in scenario-based problem solving.
- Confidence in fast-track assessment execution.

Studying Scenarios

In this training, participants will develop their skills through the analysis of the following scenarios:

- Conducting performance evaluations in diverse teams.
- Assessing organizational compliance and risk exposure.
- Identifying gaps in project deliverables.
- Evaluating training program effectiveness.
- Analyzing quality assurance procedures.
- Reporting findings to management concisely.
- Making evidence-based recommendations.
- Handling assessment challenges under tight deadlines.
