Strategic Project & Team Leadership Training

Ref: 121473_1073462 **Date:** 22 – 26 August 2027 **Location:** Muscat (Oman) **Fees:** 5500 Euro

Introduction

This Strategic Project & Team Leadership Training course develops essential capabilities in strategic project leadership and effective team management within modern organizations. It focuses on strengthening leadership skills needed to guide projects from initiation to successful delivery. Participants will learn how to align project goals with organizational strategy and performance expectations. The program enhances decision-making, communication, and coordination in complex environments. It also builds the ability to manage risks, stakeholders, and resources effectively. Overall, it prepares professionals to lead high-performing teams and deliver successful project outcomes.

Targeted Groups

This Strategic Project & Team Leadership training targets professionals seeking knowledge and skills:

- Project managers and coordinators.
- Team leaders and supervisors.
- Department and operations managers.
- PMO staff and project officers.
- Business analysts and consultants.
- Engineers and technical leaders.
- Aspiring leaders and entrepreneurs.
- HR and organizational development staff.

Course Objectives

Participants will achieve the following objectives by completing the Strategic Project & Team Leadership course:

- Apply strategic leadership in project environments for better alignment and outcomes.
- Improve team leadership and communication for higher performance.
- Use project management methods to plan and execute effectively.
- Strengthen stakeholder and risk management capabilities.
- Enhance decision-making in complex project situations.
- Manage resources, schedules, and project delivery efficiently.
- Build cross-functional team leadership skills for collaboration.
