Strategic Finance Leadership for Business Growth

Ref: 121804_1078190 **Date:** 22 – 26 August 2027 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4600 Euro

Introduction

The Strategic Finance Leadership for Business Growth course develops advanced financial leadership capabilities that support sustainable organizational performance and long-term value creation. It explores how finance professionals can connect financial strategies with business objectives, growth initiatives, and competitive advantage. It provides an understanding of strategic financial management, financial planning, investment decisions, and performance improvement approaches. Participants will examine the role of finance leaders in guiding executive decisions through accurate analysis, forecasting, and business insights. The program focuses on strengthening financial decision-making skills to manage risks, optimize resources, and improve organizational outcomes. Participants will lead finance functions and contribute effectively to business growth strategies.

Targeted Groups

This Strategic Finance Leadership for Business Growth training targets professionals seeking knowledge and skills:

- Finance managers develop strategic leadership capabilities.
- Financial analysts enhance business decision-support skills.
- Accounting professionals expand their knowledge of corporate finance.
- Business leaders strengthen their understanding of financial management.
- Department heads are involved in financial planning decisions.
- Executives seeking improved financial strategy awareness.
- Professionals managing budgets, forecasts, and performance reviews.
- Managers aiming to enhance finance-driven growth strategies.
