Strategic Human Resources & Management Training

Ref: 121470_1080942 **Date:** 14 – 18 March 2027 **Location:** Dubai (UAE) **Fees:** 4600 Euro

Introduction

This Strategic Human Resources & Management Training course builds a strong understanding of how human resources align with long-term organizational strategy. It explores the role of HR as a strategic partner in achieving business goals and driving sustainable growth. Participants will gain insight into modern human resource management practices that go beyond administrative functions. The course emphasizes integrating workforce planning, talent management, and organizational development within a strategic framework. It also highlights how data-driven HR decisions improve performance outcomes and employee engagement. Learners will understand how strategic HR contributes to competitive advantage in dynamic business environments.

Targeted Groups

This Strategic Human Resources & Management training targets professionals seeking knowledge and skills:

- HR managers are aiming to strengthen strategic workforce planning capabilities.
- Talent acquisition specialists are involved in recruitment strategy and organizational growth planning.
- Line managers are responsible for performance management and employee development.
- Business leaders are seeking to align HR strategy with corporate objectives.
- HR analysts work with HR metrics and workforce analytics.
- Organizational development professionals focusing on change and transformation initiatives.
- Administrative HR staff aiming to upgrade into strategic HR roles.

Course Objectives

Participants will achieve the following objectives by completing the Strategic Human Resources & Management course:

- Understand the principles of strategic human resource management and its role in organizational success.
- Develop workforce planning techniques aligned with business strategy and long-term goals.
- Apply modern talent management strategies to attract, retain, and develop employees effectively.
- Design and implement performance management systems that enhance productivity and accountability.
- Analyze HR analytics and data to support informed decision-making and workforce optimization.
- Strengthen employee engagement strategies to improve workplace culture and retention rates.
- Integrate organizational development practices to support transformation and change management initiatives.

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

- Build leadership development frameworks that support succession planning and capability growth.
- Align HR strategy with corporate vision to ensure sustainable organizational performance.

Targeted Competencies

Participants will gain the following competencies during the Strategic Human Resources & Management program:

- Strategic thinking in human resources planning and execution.
- Advanced workforce planning and talent forecasting skills.
- HR analytics interpretation for strategic decision-making.
- Performance management system design and evaluation skills.
- Employee engagement and retention strategy development.
- Organizational development and change management capabilities.
- Leadership development and succession planning understanding.

Studying Scenarios

In this Strategic Human Resources & Management training, participants develop skills through the following scenarios:

- Case studies on aligning HR strategy with business expansion and market growth.
- Workforce planning simulations for scaling organizations under changing market conditions.
- Redesign performance evaluation scenarios to improve productivity and accountability systems.
- Talent acquisition strategy development for competitive labor markets and skill shortages.
