EFQM Excellence Model Training

Ref: 16396_1081551 **Date:** 19 – 23 July 2027 **Location:** Munich (Germany) **Fees:** 5600 Euro

Introduction:

The EFQM Excellence Model training is a globally recognized framework designed to help organizations achieve sustainable excellence through continuous improvement. Developed by the European Foundation for Quality Management, it provides a structured approach to assess and enhance performance across various organizational dimensions.

This EFQM Excellence Model course delves into the principles, criteria, and application of the EFQM Model, equipping participants with the knowledge and tools to drive organizational transformation. By focusing on leadership, strategy, people, processes, and results, the course aims to foster a culture of excellence within organizations.

Participants will learn to conduct self-assessments, identify areas for improvement, and implement best practices aligned with the EFQM framework. The EFQM Excellence Model program is suitable for professionals across various sectors seeking to enhance their organization's performance and competitiveness. They will lead initiatives that contribute to long-term organizational success.

Targeted Groups:

This EFQM Excellence Model training targets professionals seeking specialized knowledge and skills:

- Senior managers aiming to drive organizational excellence.
- Quality assurance professionals seeking to enhance performance standards.
- HR leaders are focusing on strategic people management.
- Process improvement specialists looking to implement best practices.
- Project managers are responsible for organizational transformation initiatives.
- Consultants advising organizations on performance enhancement strategies.
- Individuals preparing for EFQM certification assessments.

Course Objectives:

Participants will achieve the following objectives by completing the EFQM Excellence Model course:

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

- Understand the principles and concepts of the EFQM Excellence Model.
- Apply the EFQM criteria to assess organizational performance and identify areas for improvement.
- Implement best practices for excellence based on the EFQM framework.
- Develop strategies to align organizational goals and processes with EFQM principles.
- Engage stakeholders in the journey towards excellence and foster a culture of continuous improvement.
- Prepare for EFQM recognition and accreditation.
- Conduct self-assessments and benchmarking against industry standards.
- Gather and analyze performance data to assess organizational performance.
- Interpret assessment results and identify improvement opportunities.
- Report findings and gain buy-in for improvement initiatives.

Targeted Competencies:

Participants will gain the following competencies during the EFQM Excellence Model program:

- In-depth knowledge of the EFQM Excellence Model and its application.
- Ability to conduct comprehensive organizational assessments.
- Skills in identifying and analyzing performance gaps.
- Proficiency in developing and implementing improvement plans.
- Competence in aligning organizational strategies with EFQM principles.
