Change Leadership & Resilience Framework for Leaders

Ref: 121530_1081676 **Date:** 6 – 10 September 2027 **Location:** Casablanca (Morocco) **Fees:** 4500 Euro

Introduction

In today's rapidly evolving business environment, leaders will navigate constant disruption, organizational transformation, and uncertainty with confidence and clarity. This Change Leadership & Resilience Framework for Leaders course equips leaders with a structured approach to leading change while strengthening resilience at both the individual and organizational levels. It explores the strategic, behavioral, and cultural dimensions of change leadership, enabling participants to drive sustainable transformation initiatives. Through a combination of conceptual models and applied insights, the program emphasizes how leaders can foster adaptability, engagement, and performance during periods of change. Participants will gain a deep understanding of how to manage resistance, align teams, and build resilient systems that withstand volatility. Leaders will lead change initiatives effectively while maintaining stability, trust, and long-term organizational success.

Targeted Groups

This Change Leadership & Resilience Framework for Leaders training targets professionals seeking knowledge and skills:

- Senior executives leading organizational transformation initiatives.
- Mid-level managers are responsible for team performance during change.
- HR professionals are managing change management strategies.
- Project managers overseeing transformation programs.
- Business leaders are aiming to enhance resilience and adaptability.
- Strategy professionals are involved in organizational development.
- Consultants supporting change leadership and transformation.
- Professionals preparing for leadership roles in dynamic environments.
