Project Portfolio Management (PPM) Training Course

Ref: 15827_1083172 **Date:** 10 – 14 January 2027 **Location:** Manama (Bahrain) **Fees:** 4900 Euro

Introduction:

The Project Portfolio Management PPM training course provides professionals with the essential frameworks, tools, and strategies to manage and optimize multiple organizational projects. In today's complex business landscape, organizations face increasing demands to ensure that projects are aligned with strategic goals, maximize value, and minimize risks.

This Project Portfolio Management PPM course offers project selection, prioritization principles, and achieving balanced and strategic outcomes. Participants will learn how to analyze and monitor project performance, allocate resources, and adapt to changing priorities, equipping them with the skills to drive sustainable success and innovation across portfolios. It helps professionals understand and apply the principles of effective project portfolio management.

Participants in this Project Portfolio Management PPM training cover concepts such as the process, tools, and systems. They will learn to define and explain project portfolio management, including its goals, framework, and methods for successful implementation. Through hands-on experience, they will explore the advantages and benefits of agile project portfolio management and tackle common challenges in managing multiple projects.

The Project Portfolio Management PPM course includes practical insights through case studies and provides techniques for building an effective project portfolio management dashboard. Attendees can pursue a project portfolio management certification, equipping them with the knowledge to manage projects strategically in various industries. Whether they want to improve their enterprise or implement strategic project portfolio management, it offers the solutions and tools to excel.

Targeted Groups:

- Project Managers and Team Leaders.
- Portfolio Managers and Program Managers.
- Senior Executives and Decision-Makers.
- Strategic Planners and Business Analysts.
- Project Management Office PMO Staff.
- Risk Management Professionals.
- IT Managers and Technical Leads.
- Operations and Resource Managers.

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347
