Advanced Skills in Legal Research, Analysis, and Drafting of Legislation

Ref: 16057_1084722 **Date:** 21 – 25 February 2027 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4600 Euro

Introduction:

The Advanced Skills in Legal Research, Analysis, and Drafting of Legislation course equips professionals with the expertise to navigate complex legal frameworks and produce precise legislative documents. It emphasizes practical legal drafting skills to develop legislation that is both clear and implementable. Participants will enhance their abilities in critical legal analysis, interpretation of statutory provisions, and evaluation of legal precedents. Learners will gain proficiency in drafting clear legal documents and employing plain-language legal drafting techniques.

The Advanced Skills in Legal Research, Analysis, and Drafting of Legislation program covers assessing legal risks, legislative compliance, and alignment with international standards. The training focuses on contract drafting techniques for practitioners and strategies for mitigating legal ambiguities. Participants will understand the legislative process, from policy formulation to stakeholder engagement. They will draft actionable, legally sound, and risk-aware legislation.

Targeted Groups:

This Advanced Skills in Legal Research, Analysis, and Drafting of Legislation training targets professionals seeking specialized knowledge and skills:

- Legal practitioners aiming to enhance legal drafting techniques.
- Government employees are involved in policy development and legislative processes.
