Achieving Strategy Through Leadership: Strategy & Innovation

Ref: 631_264672 **Date:** 30 May – 3 June 2027 **Location:** Amman (Jordan) **Fees:** 3300 Euro

Introduction:

Innovation, leadership innovation, and change management are the critical strategies of many organizations in the global competitive industries of the new century. New ideas, often emerging from leadership and innovation, can lead to programs, products, and services that provide a distinct competitive advantage over competitors. With the strategies for developing effective leadership and routine tasks becoming more automated, The competitive environment becomes more dynamic, and innovative strategic planning plays an increasingly vital role in determining success.

Creativity, strategic leadership, and change management generate new and valuable ideas. Innovation, an essential part of leadership innovation training, is taking a new idea and putting it to use. The critical role of strategic management and leadership is to create an environment where creativity, leadership innovation, and leading innovation change flourish.

Leadership Innovation and Change Management:

Leadership innovation and change management are fundamental in steering organizations toward success by fostering a culture apt for adaptation and innovation. Understanding strategic leadership and innovation involves recognizing their synergetic effect on achieving business goals.
