IFRS 17 Insurance Contracts: Implementation & Financial Reporting

Ref: 15539_313976 **Date:** 31 January – 4 February 2027 **Location:** Dubai (UAE) **Fees:** 4600 Euro

Introduction:

The IFRS 17 Insurance Contracts: Implementation & Financial Reporting program is meticulously designed to equip participants with a thorough understanding of the International Financial Reporting Standard IFRS 17, ensuring compliance and proficiency in insurance contract accounting. Participants will delve into the complexities of IFRS 17, its implications for financial reporting, and practical implementation strategies tailored for insurance industry professionals.

In the IFRS 17 Insurance Contracts: Implementation & Financial Reporting training, participants will delve into the definition of the International Financial Reporting Standards IFRS, focusing on its significance for financial instruments. They will explore the meaning of IFRS 17, the nuances of financial instruments under the standard, and how to devise practical IFRS 17 solutions. Hands-on financial instruments training promises to enhance their expertise in relation to IFRS 17, preparing them to manage and communicate the complex scenarios they will encounter effectively.

Targeted Groups:

The IFRS 17 Insurance Contracts: Implementation & Financial Reporting course is tailored for professionals in the insurance and reinsurance sectors, including accountants, actuaries, finance managers, and regulatory compliance officers. It is ideal for individuals seeking to deepen their knowledge of IFRS 17 and its impact on financial statements within the insurance industry.

Course Objectives:

At the end of this IFRS 17 Insurance Contracts: Implementation & Financial Reporting training course, participants will:

- Develop a comprehensive understanding of the key concepts, principles, and requirements of IFRS 17.
- Gain insight into the scope and application of IFRS 17 to different types of insurance contracts.
- Learn how to apply the measurement models and accounting treatments prescribed by IFRS 17 for insurance contracts.
- Understand the practical challenges and implementation considerations associated with transitioning to IFRS 17.
- Acquire skills in interpreting and analyzing financial statements prepared by IFRS 17.
