Senior Internal Auditor Training Course

Ref: 15759_325709 **Date:** 9 – 13 May 2027 **Location:** Amman (Jordan) **Fees:** 3300 Euro

Introduction:

The Senior Internal Auditor training course will equip experienced auditors with the advanced skills and knowledge to excel in their organizational roles. It addresses the complexities of modern auditing practices, emphasizing risk management, compliance, and governance. Participants will engage in interactive sessions that cover key topics, including audit planning, performance evaluation, and reporting.

Attendees in this Senior Internal Auditor course explore the evolving role of internal auditors in driving organizational effectiveness and efficiency. They will be empowered to contribute strategically to their organizations, ensuring robust internal controls and enhancing overall performance. They will earn a Senior Internal Auditor certificate, enhancing their expertise in the field.

This Senior Internal Auditor training course is designed to provide knowledge and skills for individuals seeking to advance their careers in internal auditing. It covers essential topics such as senior internal auditor responsibilities, risk management, compliance, and financial controls. Participants will learn to define and understand the meaning of internal auditors, gain insights into the role of senior internal IT auditors, and explore remote and on-site auditing practices.

Targeted Groups:

- Senior internal auditors are seeking advanced skills and knowledge.
- Audit managers and team leaders aim to enhance their leadership capabilities.
- Compliance officers are involved in risk management and regulatory compliance.
- Financial professionals are transitioning into internal auditing roles.
- Organizational leaders are interested in strengthening governance and internal control frameworks.
- Professionals pursuing certification in internal auditing and related fields.
- Individuals are responsible for audit planning and performance evaluation.
- Members of audit committees looking to deepen their understanding of audit processes.

Course Objectives:

At the end of this Senior Internal Auditor course, the participants will be able to:

Dubai - UAE: +971 4 450 5697
Istanbul - Türkiye: +90 539 599 1206
Amman - Jordan: +962 79 712 3347

- Equip participants with advanced auditing skills to enhance their effectiveness.
- Develop a comprehensive understanding of risk management and internal controls.
- Foster leadership abilities to manage audit teams and projects effectively.
- Enhance communication skills for clear and impactful audit reporting.
- Promote strategic thinking to align audit practices with organizational goals.
- Enable participants to apply data analysis techniques in auditing.
- Strengthen knowledge of regulatory requirements and compliance standards.
- Encourage the implementation of continuous improvement initiatives in audit processes.
- Build skills for effective stakeholder engagement and relationship management.
- Prepare participants for potential certification in internal auditing.

Targeted Competencies:

By the end of this Senior Internal Auditor training, the participants will:

- Advanced auditing techniques and methodologies.
- Risk assessment and management strategies.
- Internal control design and evaluation.
- Effective communication and reporting skills.
- Leadership and team management capabilities.
- Regulatory compliance and governance frameworks.
- Data analysis and interpretation for audit purposes.
- Strategic thinking and decision-making skills.
- Stakeholder engagement and relationship management.
- Continuous improvement and quality assurance practices.
