Amman (Jordan)

Governance, Risk, and Compliance (GRC) Course

Ref: 15890_336999 **Date:** 6 – 10 December 2026 **Location:** Amman (Jordan) **Fees:** 3300 Euro

Introduction:

The Governance, Risk, and Compliance GRC course explains how organizations can align their operations with regulatory requirements, manage risk effectively, and ensure robust governance practices. Participants will explore the frameworks, tools, and strategies for building a proactive GRC strategy that enhances decision-making, mitigates risks, and ensures compliance with evolving laws and industry standards. It is ideal for professionals looking to strengthen their organization's risk management capabilities while maintaining a strong ethical and regulatory foundation.

The Governance, Risk, and Compliance GRC course provides the principles, tools, and solutions that define effective governance, risk, and compliance frameworks. Participants will learn what governance, risk, and compliance GRC entails and explore its importance in ensuring robust corporate governance, risk, and compliance processes. It emphasizes the benefits of governance, risk, and compliance, such as mitigating risks, ensuring regulatory adherence, and fostering organizational efficiency.

Attendees will gain insights into GRC best practices, emerging GRC trends, and innovative GRC tools to streamline these systems. By understanding why governance, risk, and compliance are important, participants will develop strategies to implement effective GRC solutions and processes in their organization. It equips professionals with the expertise to navigate complex compliance landscapes, reinforcing the significance of a well-structured GRC framework for sustainable growth and success.

Targeted Groups:

- Senior Executives and Managers.
- Risk and Compliance Professionals.
- Internal Auditors.
- Legal and Regulatory Affairs Teams.
- Corporate Governance Officers.
- Financial and Operational Risk Managers.
- Compliance Analysts.
