Advanced Executive Training in IFRS, Risk & Strategic Financial Reporting

Ref.: 16316_1015471 **Date:** 21 - 25 Sep 2026 **Location:** Madrid (Spain) **Fees:** 5600 **Euro**

Introduction:

In today's dynamic global economy, financial executives are required to balance compliance with international accounting standards while steering strategic decision-making. This Advanced Executive Training in IFRS, Risk, and Strategic Financial Reporting provides senior leaders with practical insights into the application of IFRS and the integration of risk management into financial reporting. Participants will explore the latest updates in international standards, with a focus on consolidation, fair value, and revenue recognition.

The Advanced Executive Course in IFRS, Risk, and Strategic Financial Reporting emphasizes the importance of embedding risk, compliance, and governance into financial disclosures to enhance transparency and credibility. Executives will learn to design performance metrics that align with organizational strategy and shareholder expectations. A key feature of this program is improving communication with boards, regulators, and investors. It ensures finance leaders will operate at a global executive level while meeting the demands of stakeholders.

Targeted Groups:

This Advanced Executive Training in IFRS, Risk, and Strategic Financial Reporting targets professionals seeking specialized knowledge and skills:

- Senior finance executives in multinational corporations.
- Chief financial officers CFOs and deputy CFOs.
- Board members and executive directors with financial oversight roles.
- Risk and compliance officers in global organizations.
- Audit committee members are seeking a deeper understanding of the issues at hand.
- Financial controllers and senior managers transitioning to executive roles.
- Strategy and governance leaders are responsible for corporate performance.

Targeted Competencies:

Participants will gain the following competencies during the Advanced Executive Program in IFRS, Risk, and Strategic Financial Reporting:

- Ability to interpret and apply new IFRS standards effectively.
- Advanced skills in integrating risk into financial decision-making.
- Proficiency in compliance monitoring and audit oversight.
- Strategic thinking in linking financial reporting to organizational goals.
- Analytical skills for interpreting ratios, KPIs, and performance data.
- Strong executive communication for board and investor engagement.
- Leadership in governance, risk, and compliance functions.
- Confidence in presenting complex financial information simply.

Course Objectives:

Participants will achieve the following objectives by completing the Advanced Executive Course in IFRS, Risk, and Strategic Financial Reporting:

- Stay informed about the latest IFRS developments and evaluate their impact on executive-level decision-making.
- Apply practical knowledge of consolidation, fair value, and revenue recognition to complex financial statements.
- Integrate risk considerations into financial reporting for stronger governance.
- Evaluate compliance frameworks and enhance board-level audit oversight.
- Develop the ability to interpret financial metrics in strategic contexts.
- Link KPIs and performance indicators to corporate objectives.
- Strengthen skills in designing balanced scorecards for long-term competitiveness.
- Present complex financial reports in clear, board-friendly language.
- Improve communication with investors, regulators, and key stakeholders.
- Enhance decision-making by connecting financial data with strategic priorities.
- Demonstrate leadership in risk-adjusted reporting and compliance oversight.
- Implement global best practices in strategic financial management.

Studying Scenarios:

In this Advanced Executive Training in IFRS, Risk, and Strategic Financial Reporting, participants will develop their skills through the analysis of the following scenarios:

- Evaluating IFRS-driven changes in a multinational’s consolidated accounts.
- Assessing the effect of fair value adjustments in volatile markets.
- Embedding enterprise risk considerations into board-level reports.
- Reviewing compliance frameworks in light of global regulatory shifts.
- Designing KPIs for a company undergoing digital transformation.
- Developing a balanced scorecard aligned with shareholder strategy.
- Crafting executive reports for board members with limited technical knowledge.
- Addressing investor concerns through transparent financial reporting and disclosure.

Course Content:

Unit 1: Latest IFRS Developments for Executives:

- Overview of global IFRS developments impacting executive leadership.
- Consolidation principles in multinational group structures.
- Complexities of fair value measurement in changing markets.
- Revenue recognition challenges in global operations.
- Executive responsibilities in disclosure and transparency.
