Strategic Leadership in Healthcare PR, Communications & AI Systems Workshop

Ref.: 16390_1018717 **Date:** 29 Nov - 03 Dec 2026 **Location:** Online **Fees:** 1900 **Euro**

Introduction:

The healthcare industry is undergoing a transformative shift, driven by advancements in artificial intelligence AI and evolving public relations PR strategies. Effective communication and strategic leadership are paramount in navigating this complex landscape. This Strategic Leadership in Healthcare PR, Communications, and AI Systems workshop equips senior healthcare communicators with the tools and knowledge to lead in this new era of healthcare communication. Participants will explore the integration of AI within healthcare systems, including its impact on enhancing communication strategies and managing public relations in the digital age.

Attendees will explore best practices and innovative approaches to strategic leadership. The Strategic Leadership in Healthcare PR, Communications, and AI Systems training addresses the ethical considerations and governance structures essential for implementing AI in healthcare communication. By fostering a deeper understanding of these intersecting domains, the workshop seeks to empower leaders to drive positive change and improve patient outcomes.

Targeted Groups:

This Strategic Leadership in Healthcare PR, Communications, and AI Systems training targets professionals seeking specialized knowledge and skills:

- Chief Communications Officers CCOs.
- Vice Presidents VPs of Corporate Communications.
- Directors of Public Relations / Corporate Affairs.
- Healthcare Communications Managers.
- Heads of Media Relations Healthcare.
- Healthcare PR Directors / PR Director Heads.
- Strategic Communications Advisors Healthcare.

- Heads of AI Strategy in Healthcare.
- Chief Digital & Communications Officers Healthcare.
- VPs of Healthcare Innovation & Corporate Communications.
- Directors of AI & Strategic Communications in Healthcare Organizations.

Workshop Objectives:

Participants will achieve the following objectives by the completion of the Strategic Leadership in Healthcare PR, Communications, and AI Systems workshop:

- Analyze the impact of AI on healthcare communication strategies.
- Design integrated communication plans that incorporate AI tools and technologies to enhance effectiveness.
- Evaluate ethical considerations in AI-driven healthcare communications.
- Develop leadership strategies for managing AI integration in PR efforts.
- Implement governance frameworks for AI applications in healthcare settings to ensure effective management and oversight of these applications.
- Assess the role of data analytics in shaping communication outcomes.
- Foster collaboration between IT, PR, and clinical teams to enhance communication effectiveness.
- Cultivate skills to navigate the evolving digital media landscape in healthcare.

Targeted Competencies:

Participants will gain the following competencies during the Strategic Leadership in Healthcare PR, Communications, and AI Systems program:

- Strategic planning in healthcare communications.
- AI integration within communication workflows.
- Crisis communication management in a digital environment.
- Stakeholder engagement through digital platforms.
- Data-driven decision-making in communication strategies.
- Ethical leadership in AI applications.
- Cross-functional team collaboration.
- Adaptability to technological advancements in healthcare PR.

Studying Scenarios:

In this Strategic Leadership in Healthcare PR, Communications, and AI Systems training, participants will develop their skills through the analysis of the following scenarios:

- Implementing an AI-driven chatbot for patient inquiries.
- Managing a PR crisis triggered by misinformation on social media.
- Developing a communication strategy for the launch of a new AI-based healthcare service.
- Evaluating the effectiveness of AI tools in measuring public sentiment.
- Integrating AI analytics into routine communication and reporting.

Workshop Content:

Unit 1: Introduction to Strategic Leadership in Healthcare Communications:

- Overview of strategic leadership principles in healthcare.
- The Evolving Role of Communications in Healthcare Organizations.
- Understanding the intersection of AI and healthcare PR.
- Key Challenges and Opportunities in Healthcare Communications.
- Case studies of successful communication strategies.
