Istanbul (Turkey)

Government Contract Drafting, Negotiation & Strategic Project Management Master Program

Ref.: 121212_1023022 **Date:** 06 - 17 Dec 2026 **Location:** Istanbul (Turkey) **Fees:** 8500 Euro

Introduction:

The Government Contract Drafting, Negotiation, and Strategic Project Management program equips professionals with essential skills to manage public-sector contracts effectively. This training explores legal frameworks, negotiation strategies, risk allocation, and project governance in government projects. Participants will learn drafting techniques, dispute resolution, and international negotiation practices.

Practical workshops and simulations provide hands-on experience in real-world scenarios. The Government Contract Drafting, Negotiation, and Strategic Project Management course emphasizes strategic planning, stakeholder management, and proactive contract oversight. Participants will navigate complex government agreements with confidence and precision.

Targeted Groups:

This Government Contract Drafting, Negotiation, and Strategic Project Management program targets professionals seeking specialized knowledge and skills:

- Government legal advisors and contract officers.
- Project managers in public-sector initiatives.
- Private-sector contractors working with government agencies.
- Procurement and compliance specialists.
- Legal consultants in telecom and infrastructure projects.
- Policy and regulatory officers.
- Professionals involved in cross-border government negotiations.

Course Objectives:

Participants will achieve the following objectives by completing the Government Contract Drafting, Negotiation, and Strategic Project Management course:

- Understand public-sector contracting frameworks.
- Learn legal and regulatory principles for government agreements.
- Master drafting enforceable, risk-aligned contracts.
- Develop negotiation strategies for domestic and international projects.
- Analyze and manage contract risks effectively.
- Apply project governance and monitoring frameworks.
- Handle disputes proactively through negotiation, mediation, and arbitration.
- Manage stakeholders and align internal and external interests.
- Conduct practical simulations reflecting real-world government projects.

Targeted Competencies:

Participants will gain the following competencies during the Government Contract Drafting, Negotiation, and Strategic Project Management program:

- Drafting clear, enforceable government contracts.
- Allocating financial, legal, operational, and technical risks.
- Implementing regulatory compliance and monitoring mechanisms.
- Negotiating effectively with government and private stakeholders.
- Applying international negotiation protocols and cross-cultural strategies.
- Managing project schedules, KPIs, and evaluations.
- Avoiding disputes and resolving conflicts efficiently.
- Leading strategic government projects with stakeholder alignment.
- Conducting practical exercises in drafting, negotiation, and dispute resolution.

Studying Scenarios:

In this Government Contract Drafting, Negotiation, and Strategic Project Management training, participants will develop their skills through the analysis of the following scenarios:

- Drafting government contracts with critical clauses.
- Evaluating telecom and infrastructure project agreements.
- Allocating risks in high-value contracts.
- Managing the performance and compliance of contractors.
- Negotiating financial and technical disputes.
- Mediating and arbitrating conflicts in public projects.
- Conducting international negotiation simulations.
- Aligning government stakeholders and internal teams effectively.
