Contract and Tender Management

Ref.: 121259_1024825 **Date:** 14 - 18 Sep 2026 **Location:** Boston (USA) **Fees:** 7500 **Euro**

Introduction

Contract and Tender Management is essential for professionals handling procurement, vendor relations, and project execution. This course equips participants with the knowledge to manage contracts efficiently and handle tenders effectively. It covers best practices in tender preparation, evaluation, and compliance. Participants will learn strategies to mitigate risks, ensure transparency, and optimize procurement processes. The course emphasizes practical frameworks for decision-making and negotiation. By the end, participants will be able to manage contracts and tenders with confidence and precision.

Targeted Groups

This Contract and Tender Management course targets professionals seeking specialized knowledge and skills:

- Procurement officers
- Project managers
- Contract administrators
- Legal advisors in business contracts
- Supply chain specialists
- Finance professionals handling procurement budgets
- Government and private sector tendering teams

Course Objectives

Participants will achieve the following objectives by Contract and Tender Management:

- Understand the contract lifecycle and tendering process
- Develop skills to prepare, review, and manage contracts
- Learn compliance and legal considerations in tenders
- Enhance vendor selection and evaluation techniques
- Apply negotiation strategies effectively
- Identify risks and implement mitigation measures
- Improve documentation and reporting practices
- Optimize procurement workflows for efficiency
- Gain insight into contract performance monitoring
- Strengthen decision-making in procurement and tender management

Targeted Competencies

Participants will gain the following competencies during the program:

- Proficient contract drafting and review skills
- Knowledge of tendering procedures and regulations
- Effective vendor management and relationship building

- Risk assessment and mitigation strategies
- Negotiation and dispute resolution skills
- Compliance monitoring and auditing capabilities
- Efficient documentation and reporting techniques
- Strategic decision-making in procurement
- Project coordination and execution skills
- Ability to analyze and evaluate tender submissions

Studying Scenarios

In this training, participants will develop their skills through the analysis of the following scenarios:

- Evaluating real-life tender submissions
- Managing contract amendments and renewals
- Negotiating terms with suppliers
- Identifying and mitigating procurement risks
- Handling disputes and claims effectively
- Ensuring compliance with tender regulations
- Streamlining contract approval workflows
- Monitoring supplier performance and delivery schedules
