The Manager as a Strategic Leader

Ref.: 121273_1025477 **Date:** 16 - 20 Aug 2027 **Location:** Washington DC (USA) **Fees:** 8300 Euro

Introduction

This course equips managers with the skills and insights required to operate as strategic leaders in dynamic organizational environments. Participants will learn to align organizational goals with effective decision-making and leadership practices. The program emphasizes strategic thinking, organizational influence, and the ability to drive long-term performance. It provides tools to navigate complex challenges and foster innovation. Participants will develop a clear understanding of leadership frameworks and their practical applications. The course also highlights the importance of adaptive leadership in achieving sustainable success.

Targeted Groups

The Manager as a Strategic Leader course targets professionals seeking specialized knowledge and skills:

- Mid-level managers aiming to enhance strategic impact.
- Senior managers preparing for executive roles.
- Team leaders responsible for cross-functional initiatives.
- Professionals in organizational development and strategy roles.
- Consultants guiding leadership transformation projects.

Course Objectives

Participants will achieve the following objectives by the completion of the Manager as a Strategic Leader:

- Understand strategic leadership principles.
- Align organizational goals with team performance.
- Apply decision-making models effectively.
- Foster innovation within teams.
- Lead through change and uncertainty.
- Develop influence across organizational levels.
- Integrate ethical and sustainable practices.
- Enhance communication for strategic impact.
- Evaluate and manage organizational risks.
- Build high-performance cultures.

Targeted Competencies

Participants will gain the following competencies during the program:

- Strategic thinking and long-term planning.
- Effective leadership and influence skills.
- Decision-making under uncertainty.
- Change management capabilities.

- Problem-solving with innovative approaches.
- Organizational alignment and performance optimization.
- Risk evaluation and mitigation.
- Team motivation and engagement techniques.
- Communication for leadership effectiveness.
- Ethical and responsible leadership practices.

Studying Scenarios

In this training, participants will develop their skills through the analysis of the following scenarios:

- Leading cross-functional projects with conflicting priorities.
- Implementing strategic changes in organizational structure.
- Addressing operational challenges impacting long-term goals.
- Managing stakeholder expectations and influencing decisions.
- Navigating ethical dilemmas in leadership roles.
- Designing initiatives to foster innovation and growth.
- Responding to market disruptions strategically.
- Driving team performance during periods of change.
