International Compliance Support and Risk Reduction

Ref.: 121370_1029787 **Date:** 22 - 26 Nov 2026 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4600 Euro

Introduction

This course aims to equip participants with a comprehensive understanding of international compliance requirements. It emphasizes knowledge of international obligations and their impact on organizations. Participants will gain the tools and skills needed to provide effective compliance support. The course focuses on minimizing non-compliance and ambiguity to prevent legal risks. It encourages the adoption of international best practices in compliance processes. Real-world scenarios are covered to connect theoretical knowledge with practical application.

Targeted Groups

This International Compliance Support and Risk Reduction training targets professionals seeking knowledge and skills:

- Senior executives in corporations and institutions.
- Compliance officers and internal auditors.
- Legal advisors and risk management specialists.
- Operations managers handling international regulations.
- Employees aiming to enhance international compliance skills.
- Individuals interested in understanding global legal obligations.

Course Objectives

Participants will achieve the following objectives by completing the International Compliance Support and Risk Reduction course:

- Understand the fundamentals of international compliance and global regulations.
- Develop the ability to provide legal and administrative compliance support.
- Enhance understanding of legal risks and prevention methods.
- Analyze complex cases and provide accurate recommendations.
- Apply international best practices in various work environments.
- Strengthen skills to handle ambiguity in laws and regulations.
- Improve efficiency in reducing non-compliance incidents affecting organizations.
- Develop mechanisms to monitor compliance and improve processes.
- Enhance communication with legal and administrative teams effectively.
- Respond promptly to new international legal developments.

Targeted Competencies

Participants will gain the following competencies during the International Compliance Support and Risk Reduction program:

- Ability to accurately interpret international legal requirements.
- Skills in providing compliance advisory support within organizations.
- Capability to identify and analyze legal risks.

- Proficiency in applying international regulations to daily operations.
- Skills to proactively handle legal ambiguity.
- Ability to develop strategies to prevent non-compliance.
- Effective communication with legal and administrative teams.
- Capability to prepare compliance reports and track procedures.
- Improved decision-making based on regulatory frameworks.

Studying Scenarios

In this International Compliance Support and Risk Reduction training, participants develop skills through the following scenarios:

- Analyzing non-compliance cases in multinational companies.
- Providing practical solutions to compliance challenges.
- Assessing financial and legal implications of ambiguous situations.
- Applying compliance strategies to real cases.
- Designing plans to mitigate potential legal risks.
- Handling daily challenges in international compliance.
