Competency Capability Framework Development Initiative Training

Ref.: 121630_1040875 **Date:** 15 - 19 Mar 2027 **Location:** Zanzibar (Tanzania) **Fees:** 5300 Euro

Introduction

The Competency Capability Framework Development Initiative course provides an understanding of competency frameworks, capability models, and workforce development strategies in modern organizations. It focuses on building professional knowledge in competency mapping, talent capability assessment, and organizational performance alignment. Participants explore methods for designing competency-based systems that support leadership development, succession planning, and employee performance management. The program highlights practical approaches to implementing capability frameworks across the public and private sectors. It examines strategic workforce planning, the integration of learning and development, and the improvement of organizational capability. It supports professionals seeking advanced knowledge in competency management systems, skills frameworks, and capability development initiatives.
