Building Alliances, Influencing Stakeholders, and Leading Change

Ref.: 121769_1046637 **Date:** 28 Sep - 02 Oct 2026 **Location:** Geneva (Switzerland) **Fees:** 6500 Euro

Introduction

This course, Building Alliances, Influencing Stakeholders, and Leading Change, explores the principles and practices required to build effective alliances in complex organizational environments. It provides an approach to influencing stakeholders through clear communication and strategic engagement. Participants will examine how leadership behaviors shape collaboration outcomes and organizational direction. The program focuses on managing change processes in dynamic and evolving systems. It emphasizes strengthening relationships that support sustainable organizational success. Learners will gain insight into integrating stakeholder engagement with change leadership for long-term impact.

Targeted Groups

This Building Alliances, Influencing Stakeholders, and Leading Change training targets professionals seeking knowledge and skills:

- Corporate managers developing strategic leadership influence.
- Project managers handling complex stakeholders.
- Change managers driving organizational transformation.
- HR professionals managing employee engagement.
- Government officers coordinating policy stakeholders.
- NGO leaders building strategic partnerships.
- Strategy consultants advising alliance building.
- Team supervisors improve workplace coordination.
- Senior executives leading organizational change.

Course Objectives

Participants will achieve the following objectives by completing the Building Alliances, Influencing Stakeholders, and Leading Change course:

- Understand stakeholder mapping and stakeholder engagement principles effectively in organizational contexts.
- Apply stakeholder influence techniques to build trust and strategic alignment.
- Develop strategic alliances to strengthen organizational collaboration and partnerships successfully.
- Implement change management approaches to achieve sustainable organizational transformation outcomes.
- Enhance leadership capabilities to lead change in complex environments effectively.
- Analyze stakeholder expectations to consistently improve communication and engagement outcomes.
- Strengthen negotiation skills for building strategic partnerships and alliances effectively.
- Evaluate organizational change readiness and risk factors accurately, efficiently, and effectively.
- Design stakeholder engagement frameworks supporting long-term organizational success, growth, and sustainability.

- Apply stakeholder influence methods to drive measurable change outcomes successfully.

Targeted Competencies

Participants will gain the following competencies during the Building Alliances, Influencing Stakeholders, and Leading Change program:

- Stakeholder analysis and mapping skills.
- Stakeholder communication and influence skills.
- Strategic alliance and partnership building.
- Change leadership and transformation management.
