# Internal Communication and Media Masterclass

**Ref.:** 121802\_1048368 **Date:** 07 - 11 Dec 2026 **Location:** Accara (Ghana) **Fees:** 5300 **Euro**

## Introduction

The Internal Communication and Media masterclass develops advanced knowledge and practical understanding of communication strategies within modern organizations. It explores how internal communication systems support employee engagement, organizational alignment, and effective information flow. Participants will examine communication planning, corporate messaging, internal media channels, and approaches for strengthening workplace relationships. The program provides an overview of communication principles that help organizations improve collaboration and manage internal information effectively. It focuses on developing professional skills to craft clear messages, navigate communication challenges, and advance organizational goals through strategic internal communication practices.

## Targeted Groups

This Internal Communication and Media masterclass targets professionals seeking knowledge and skills:

- Communication specialists manage internal communication activities.
- HR professionals improve employee engagement strategies.
- Corporate affairs teams develop organizational messages.
- Managers enhance workplace communication effectiveness.
- Media professionals supporting internal information channels.
- Team leaders improve communication within departments.
- Public relations professionals manage corporate communication processes.

## Course Objectives

Participants will achieve the following objectives by completing the Internal Communication and Media course:

- Understand the principles of effective internal communication systems.
- Identify communication strategies that improve employee engagement.
- Develop structured approaches for managing internal messages.
- Analyze communication channels used within organizations.
- Improve skills in corporate communication planning and execution.
- Recognize the role of internal media in organizational success.
- Evaluate communication challenges and create suitable solutions.
- Apply professional methods for improving workplace information flow.
- Understand audience analysis for targeted internal communication.
- Design clear and consistent organizational communication messages.
- Explore methods for measuring communication effectiveness and impact.
- Strengthen leadership communication practices across organizational levels.
- Develop approaches for managing communication during organizational changes.
- Enhance collaboration through effective communication frameworks.

## Targeted Competencies

Participants will gain the following competencies during the Internal Communication and Media program:

- Ability to develop effective internal communication strategies.
- Skills in creating professional organizational messages.
- Understanding of employee communication needs.
- Capability to manage internal media platforms.
- Knowledge of communication planning methods.
- Ability to evaluate communication effectiveness.
- Skills in handling workplace communication challenges.
- Understanding of corporate communication principles.
- Capability to support organizational culture through communication.
- Ability to improve information-sharing processes.
- Skills in developing engaging internal content.

## Studying Scenarios

In this Internal Communication and Media training, participants develop skills through the following scenarios:

- Managing communication challenges during organizational restructuring and internal changes.
- Developing employee communication plans for improving engagement and information sharing.
- Creating internal media strategies to support corporate culture and collaboration.
