Full Cycle of Talent Management

Ref.: 121840_1054186 **Date:** 21 - 25 Dec 2026 **Location:** Zanzibar (Tanzania) **Fees:** 5300 Euro

Introduction

The Full Cycle of Talent Management course provides an understanding of the complete talent management process, from workforce planning and talent acquisition to employee development and retention strategies. It explores how organizations build effective talent systems that align employee capabilities with business objectives and long-term growth. Participants will examine the key stages of the talent lifecycle, including attracting, onboarding, developing, managing, and retaining high-performing employees. The program focuses on modern approaches to strategic talent management, employee engagement, succession planning, and performance improvement. It enables professionals to understand how integrated talent strategies contribute to organizational effectiveness and competitive advantage. Participants will manage talent processes across diverse organizational environments.

Targeted Groups

This Full Cycle of Talent Management training targets professionals seeking knowledge and skills:

- Human resources professionals managing talent processes.
- Talent acquisition specialists improving recruitment strategies.
- HR managers developing workforce capabilities.
- Learning and development professionals supporting employee growth.
- Department leaders managing employee performance.
- Succession planning specialists building leadership pipelines.
- Business managers aligning talent with strategy.
- Professionals seeking advanced talent management knowledge.

Course Objectives

Participants will achieve the following objectives by completing the Full Cycle of Talent Management course:

- Understand the complete talent management lifecycle and its strategic importance.
- Identify effective approaches for attracting and selecting qualified employees.
- Develop knowledge of workforce planning and talent forecasting practices.
- Apply employee onboarding strategies that improve organizational integration.
- Understand performance management systems and continuous improvement methods.
- Explore employee development approaches that enhance skills and capabilities.
- Analyze retention strategies that increase employee engagement and loyalty.
- Recognize the role of succession planning in organizational sustainability.
- Evaluate talent analytics methods for informed workforce decisions.
- Understand how technology supports modern talent management processes.
- Develop strategic thinking for creating integrated talent management frameworks.
- Improve the ability to align talent strategies with organizational goals.

Targeted Competencies

Participants will gain the following competencies during the Full Cycle of Talent Management program:

- Ability to analyze complete talent management processes.
- Skills in designing effective talent acquisition strategies.
- Understanding of workforce planning principles and practices.
- Capability to evaluate employee performance systems.
- Knowledge of employee development and career management approaches.
