Introduction

This creative, strategic planning and leadership seminar is designed to provide leaders and professionals with transformational tools and techniques to help them strategically maximize their and their team's creative potential.

The creative, strategic planning and leadership course starting point is self-discovery: participants will work on the inside first and then focus outwards to impact the business world.

The first week of this 2-week creative, strategic planning, and leadership seminar will focus on thinking differently.

Participants in this creative, strategic planning and leadership course should be prepared to move out of their comfort zones and experiment with new ways of creating and communicating an inspiring leadership vision.

The second week in this creative, strategic planning and leadership seminar helps demystify the frequently misunderstood concept of 'strategy.'

While focusing on the analytical disciplines on which a successful strategy is based, it centers on strategic planning as a value-adding process that harnesses the leader's and the team's ability to combine analysis with creative thinking and enables ideas and plans to be nurtured to reality.
