Corporate Governance Principles, Policies, and Best Practices

Ref.: 15245_245803 **Date:** 26 - 30 Jan 2025 **Location:** Online **Fees:** 1500 **Euro**

Introduction:

Corporate governance epitomizes a pivotal theme that has garnered amplified scrutiny in business academia and legislative discourse, with its prominence escalating persistently. Amid the diverse paradigms of corporate governance, each one strives to orchestrate the dynamic between the enterprise and its myriad of stakeholders.

Focusing on models commencing with Shareholder Wealth Maximization SWM, which underscores the proprietor's entitlements and is predominantly utilized in the US and UK, the course traverses to other governance systems prevalent in countries like Germany or Japan, where stakeholders, including the workforce and financiers, are substantially involved.

In furtherance, this corporate governance principles, policies, and best practices course delves into the rationale behind the existence of single-tier or dual-tier board structures. It engages in a thorough examination of board architecture and committees, their roles and responsibilities, such as those encapsulated by the audit committee and the remuneration committee. Encompassing additional facets are the directives concerning the chairman's role and the influence wielded by institutional investors.
