The Oxford Healthcare Leadership

Ref.: 15074_246803 **Date:** 01 - 12 Dec 2024 **Location:** Amman (Jordan) **Fees:** 5200 **Euro**

Introduction:

This Oxford Healthcare Leadership training course in the development of leadership capabilities in healthcare seeks to develop leaders in the healthcare sector. The course is run in a workshop format to encourage the sharing of ideas and good practice. It seeks to help delegates understand the importance of effective leadership in the delivery of quality health care.

The first week of the course will address the global context of healthcare management, for instance, the impact of the global Covid-19 pandemic on organizations, communities, clinicians, and non-clinicians in developed and developing countries. Week 2 of the program focuses on delegates' leadership capabilities.

The importance of followership as well as leadership. Leadership styles: innate leadership and employing new techniques and approaches. The importance of communication with all stakeholders - internal and external. The need to encourage innovation. The importance of organizational culture in delivering quality of care.

Targeted Groups:

- Managers and clinicians jointly responsible for leading healthcare organizations
- Managers and clinicians responsible for quality care provision
- Line and functional managers, team leaders and supervisors
- Managers and leaders new to leadership roles
- Managers and leaders wanting to further develop leadership capabilities

Course Objectives:

At the end of this course the participants will be able to:
