Advanced Management Program: AMP Global Leadership

Ref.: 1092_248777 **Date:** 03 - 07 Feb 2025 **Location:** London (UK) **Fees:** 5200 **Euro**

Introduction

Today's executives have no room for error in navigating the market upturn to ensure their organization's survival and success. This advanced management course, a key component of our advanced management program AMP, is a direct route to enhancing senior management efficacy by learning to leverage your corporation's competencies best and build high-value and sustainable growth.

An exceptional opportunity for experienced executives seeking the latest advanced management skills training, focusing on strategy and "growth maximization" to prepare for market realities in the next three years.

Targeted Groups

- Senior functional heads.
- Senior managers.
- Members of the executive committee.
- The heads of central business units.
- Senior members of the operating group.
- HR professionals.

Course Objectives

At the end of this advanced management program AMP course, the participants will be able to:

- Review prevalent management practices in today's organizations.
- Engage in discussions of emerging business issues in management.
- Identify their leadership and management strengths and plan future development.
- Explore new sources of growth in strategy.
- Challenge traditional assumptions and view business challenges from fresh perspectives.
- Establish a sustainable competitive advantage by bolstering core competencies.
- Transition to contemporary management and leadership paradigms.
- Manage and invigorate people to enhance organizational performance.
- Create an actionable plan for implementation upon return to their workplace.
- Translate ideas into action through hands-on case studies that span all aspects of general management.
- Consolidate advanced-level management learning in an efficient and dynamic format.
- Prepare to capitalize on opportunities as markets improve.
- Stay abreast of cutting-edge trends in productivity, innovation, strategy, and performance.
- Network with an outstanding peer group from various industries.
- Receive coaching from senior consultants on sparking growth and momentum in your organization.

Targeted Competencies

- Managing internal activities.
- Utilizing action-planning tools for diagnosing and resolving organizational issues.
- Analyzing competitive landscapes.
- Strategic analysis.
- Overseeing performance management.
- Leading change management initiatives.
