Project Management Office (PMO Establishment Optimization and Modernization)

Ref.: 4113_250294 **Date:** 13 - 17 Oct 2024 **Location:** Manama (Bahrain) **Fees:** 3900 **Euro**

Introduction

In this comprehensive PMO establishment optimization and modernization course, participants will explore the intricacies of establishing a Project Management Office PMO, emphasizing supply chain PMO, service management office organizational structure, and tactical project management. You'll gain valuable insights into developing a value management office and explore various PMO models that best fit your organization's needs, including PMO outsourcing, PMO managed services, and explicit PMO governance models.

By understanding these principles, participants of the PMO establishment optimization and modernization course will be equipped with the knowledge required to support and enhance an organization's program management support, PMO service offerings, PMO value, and overall project oversight capabilities. Key topics such as PMO types and organizational structure, strategic PMO resourcing, and PMO capabilities will be discussed to ensure a well-rounded understanding of effective PMO governance.

Participants in this PMO establishment optimization and modernization course will learn that understanding the intricacies of PMO models, service offerings, and governance templates is critical to improving the value and capabilities of a supply chain PMO. Tactical project management gains significant support through services managed by the Project Management Office PMO, enhanced program management, and PMO organizational structures to improve overall project oversight and value management.

Targeted Groups

- Project Professionals
- Project Managers
- Project Management Office PMO Staff
- Project Team Members
