Strategic Planning: Communication, Measurement & Implementation

Ref.: 1025_251964 **Date:** 07 - 11 Oct 2024 **Location:** Rome (Italy) **Fees:** 4900 **Euro**

Introduction

Whether starting a business, growing a business, or preparing for retirement, the probability of accomplishing your goal increases substantially when you plan it rather than start doing it. Planning is even more critical during challenging economic times or when multiple people and groups must coordinate their actions to accomplish the primary goals, as is true of almost all organizational goals.

In today's challenging economic world, organizational planning has become even more critical to survive and thrive. Most business executives will intellectually agree with the preceding statement, but more than agreement is needed.

- Linking the BSC to the strategic flexible budget
- Using variance analysis to manage the plan

Enhancing Strategic Capabilities through Performance Measurement Courses

This strategic planning and management course delves into enhancing strategic capabilities through effective performance measurement. Participants will be equipped with the knowledge and skills to devise comprehensive strategic plans and assess and improve those plans by measuring team performance. This segment of the strategic planning training emphasizes the importance of aligning organizational goals with measurable outcomes, thus ensuring that every step taken is a step toward success. Whether you are an implementation manager or a member of a strategic planning department, this course will empower you to not only set measurable targets but also evaluate performance against those targets, an essential skill in today's data-driven business environment.
