Course Content

Unit 1: Mastering the Art of Interpersonal Communication

The art of interpersonal communication lies in building lasting rapport. It requires understanding how to identify others' behavioral traits and adapt your communication styles to enhance interpersonal effectiveness. Participants will learn the following:

- The art of building lasting rapport.
- How do we identify behavioral characteristics and react to them?
- How do you modify your behavior to match others?
- Sharpen your senses to the signals others are sending you.
- Connect with colleagues and clients at a level that creates deeper trust and commitment.
- Step into another person's shoes to better appreciate their experiences and motivations.
- Read body language to understand how others are thinking and responding to you.

Unit 2: Self-Awareness and Personal Growth

Cultivating self-awareness is a foundation for effective interpersonal skills development training. Participants will be introduced to the fundamental concepts of NLP and discover how emotional intelligence plays a crucial role in interpersonal relations. Key takeaways from this unit include:

- Key concepts of NLP.
- The relationships between NLP and emotional intelligence.
- Connecting your feelings for greater self-awareness.
- Eliciting emotions.
- Noticing your unconscious messages and following your intuitions.
- Self-talk and what it means.
- Maslow's hierarchy of needs.
- Internal and external referencing.

Unit 3: Crystal Clear Communication for Managers

To be an effective communicator, one must employ powerful listening and questioning techniques. This course unit will cover various thinking patterns and introduce filters in communication that often distort messages. Participants will engage in exercises focusing on:

- Powerful listening and questioning techniques.
- Thinking patterns.
- Filters to communication.
- The use of metaphors.
- Sub-modalities.
- Perceptual positions.
- Climates of trust.
- Well-formed outcomes.
- Communication exercises.

Unit 4: Empathy: The Core of Interpersonal Skills Training for Employees

Empathy is crucial for meaningful interactions and successful management. Throughout this unit, we will reexamine the significance of empathy, explore how to communicate effectively through nonverbal signals, and appreciate diverse communication styles. Subjects covered include:

- Review how to sharpen your senses to the signals others are sending you.
- Communicating first impressions.
- The secrets of body language.
- How do we communicate?
- Filters to communication.
- Understanding the science of lying.
- Learning styles.
- Modeling and how others do things?

Unit 5: Motivation and Leadership Through People Skills

This unit delves into motivation and how it is a powerful tool for inspiring teams and leading with influence. From understanding logical levels of change to aligning personal and organizational values, participants will master the art of setting and achieving motivating goals. Key learnings feature:

- Logical levels of change.
- The importance of values in motivation.
- Eliciting values for yourself and your organization.
- The secrets of motivation.
- Setting goals that motivate.
- Creating a positive future for your organization.
- Testing your well-formed outcomes.
- Stepping into the future.

By the end of this effective people skills and interpersonal skills training for managers course, managers and leaders will have an enriched understanding of interpersonal dynamics, enhanced communication skills, and practical tools for leadership through people skills. This comprehensive approach will contribute to the continued professional growth of participants, positioning them as valuable assets within their organizations.
