MERCURY

CQI and IRCA Certified ISO 45001:2018 Lead Auditor

15 - 19 Sep 2024
Istanbul (Turkey)

CQI and IRCA Certified ISO 45001:2018 Lead Auditor

Ref.: 15217_254373 **Date:** 15 - 19 Sep 2024 **Location:** Istanbul (Turkey) **Fees:** 4200 **Euro**

Introduction:

This Training Course teaches the fundamental auditing principles and practices, in conformance with national and international accepted norms and regulations relating to OH&S requirements.

By attending this course, delegates will also gain the necessary auditing skills through activity-based learning, and practical auditing experience with coaching, group workshops and open forum discussions. Our experienced trainer will guide delegates through the entire audit process; from initiation to conducting audit follow-up.

Successful completion of this training course, bypassing the relevant examination and skills assessment, will demonstrate knowledge and basic skills to undertake and lead a management systems audit.

Who should attend?

Anyone involved in the planning, implementing, maintaining, supervising or auditing of an ISO 45001 migration

Pre-requisites:

You should be familiar with the requirements of OHSAS 18001:2007 and will benefit from reading the ISO 45001 Standard before attending the course

What will I learn?

On completion, successful delegates will have the knowledge and skills to:

Knowledge

- Explain the purpose of an occupational health and safety management system, of occupational health and safety management system standards, of management system audit, of third-party certification, and the business benefits of improved performance of the occupational health and safety management system
- Explain the role of an auditor to plan, conduct, report and follow up an occupational health and safety management system audit in accordance with ISO 19011 and ISO/IEC 17021, as appropriate

Skills

- Plan, conduct, report and follow-up an audit of an occupational health and safety management system to establish conformity or otherwise with ISO 45001, and in accordance with ISO 19011 and ISO/IEC 17021 where appropriate

How will I benefit?

This course will help you:

- Understand the key differences between OHSAS 18001:2007 and ISO 45001
- Identify what needs to be revised in your current OH&S management system
