Introduction:

Selling over the telephone is a specialist activity, whether you are selling an appointment or a product directly, and it differs from face-to-face encounters. In this telesales skills training, learn the sales techniques and strategies best suited for lead generation and selling over the telephone.

Participants in this telesales skills training course will engage with customers when selling on the telephone, which can help you attract new customers and identify new sales opportunities.

This telesales skills course will also focus on the skills of a telesales agent, especially on creating a positive first impact by combining key phrases and tailoring the opening of the call to suit the customer's profile.

How to Improve Telesales Skills and Techniques:

Participants in this telesales skills course will learn how to turn script-based conversations into dynamic interactions that respond to customer cues and express genuine interest, reflecting the skills needed for telesales.

This telesales skills training deep-dives into the specific telesales skills and techniques that convert a customer's initial interest into a closed sale. It emphasizes the skills required for telesales, including handling objections and presenting solutions effectively.

Targeted Groups:

- Telesales Staff.
- Telemarketing Staff.
