Tendering, Procurement, and Negotiation Skills Conference

Ref.: 8230_260724 **Date:** 28 Jul - 01 Aug 2024 **Location:** Amman (Jordan) **Fees:** 2900 Euro

Introduction:

Tendering is a function that costs an organization a great deal of money, and it has to be performed correctly to maximize effectiveness and minimize costs. Organizations' executive management everywhere realizes that Managing Tenders must emerge as a critical core competency to increase revenue.

Essential tendering is linked with procurement skills and is covered in this procurement, tendering, and negotiation skills program, designed to explore the best practices in the phases of tendering and procurement.

This procurement, tendering, and negotiation skills program explores many of the best practices in the initial stages of contracting so that participants can implement the steps needed to create maximum total value for their organization.

The Importance of Procurement Negotiation Skills:

Negotiation in procurement is a vital aspect that influences the efficiency and success of the tendering process. Understanding what negotiation is in procurement and integrating practical procurement negotiation skills can significantly contribute to an organization's financial health through cost savings and beneficial supplier agreements.

This procurement, tendering, and negotiation skills conference aims to provide procurement negotiation training to enhance the aptitude of professionals in maneuvering through complex negotiation scenarios.

The tendering process in procurement, also known as procurement tendering, is a structured methodology that organizations use to source and compare offerings strategically. This procurement, tendering, and negotiation skills conference is a critical phase in which negotiation skills in procurement come to the forefront as professionals negotiate with potential suppliers to secure the most favorable terms.

Targeted Groups:

- Contracts Professionals.
- Purchasing Professionals.
- Project Planning Personnel.
- Procurement professionals who are responsible for negotiations
- All others are involved in the planning, evaluation, preparation, and management of tenders and specifications that cover the acquisition of materials, equipment, and services and are in organizations whose leadership wants high levels of competency in those involved in these activities.
