**Ref.:** 15080\_261810 **Date:** 27 Oct - 07 Nov 2024 **Location:** Cairo (Egypt) **Fees:** 3500 **Euro**

## Introduction:

The program focuses on European regulations and ICAO recommendations but is also enhanced by industry 'best practice' recommendations. This course aims to provide training about key safety approaches and practices, with sessions covering safety with the entire airfield movement area, to raise awareness of safety hazards and risks commonly encountered in the dynamic airside working environment.

## Targeted Groups:

- Aerodrome Middle Management, Quality, Operations, and Safety staff who are responsible for airside safety matters or who need to possess knowledge and understanding of airside safety and operations
- Any airside operations staff involved in any airside operations duties, including apron safety compliance monitoring, apron management and ground operations

## Course Objectives:

At the end of this course the participants will be able to:

- Identify and reduce airside risks for personnel, aircraft, and property associated with various functions at airside
- Reduce injuries, incidents, accidents and ground damage in their airports
- Appreciate and improve human and organizational factors in airside safety
- Implement airside safety training programs
- Improve airside safety through the implementation of interventions such as incident investigations, inspections, audits, supervision
