Competency-Based Recruitment and Selection Methodologies

Ref.: 15303_266474 **Date:** 16 - 20 Sep 2024 **Location:** Barcelona (Spain) **Fees:** 4900 **Euro**

Introduction:

Recruitment and selection can be costly and time-consuming. However, there is evidence that employing the latest recruitment and selection methodologies and techniques increases the likelihood of successfully recruiting the best candidate for any intended role. The competency-based recruitment and selection methodologies program will explore strategies for transforming your competence as a recruiter or interviewer in recruitment/selection, development, or appraisal opportunities.

This competency-based recruitment and selection methodologies program is designed to provide participants with an understanding of job analysis and evaluation. Participants will consider how jobs can be applied to designing, developing, and implementing pay and grade structures. Participants will also explore how different compensation systems can be used to pay and grading structures, particularly the link with broader issues of employee motivation.

Competencies can be beneficial in understanding behavior and ensuring that the right people are in the right jobs and the proper techniques are used to motivate them. This competency-based recruitment and selection methodologies course will show you how to achieve this.

Course Objectives:

At the end of this competency-based recruitment and selection methodologies course, the participants will be able to:

- Define a competency and distinguish between competencies, skills, and tasks.
- Describe how to use competencies in public and private organizations.
- Understand the difference between Leadership competencies, technical competencies and Behavioral competencies.
- Link competencies to organizational objectives and values - manage what staff do and how they do it.
- Use competencies for recruitment and assessment for development for talent management, performance management, and succession planning.
- Acquire competency in job evaluation techniques.
- Understand job analysis and evaluation techniques.
- Understand the stages involved in a job analysis and job evaluation project.
- Examine numerous interviewing techniques and practice the process of behavioral or targeted interviewing.
- Discuss potential outcomes when using a variety of approaches to recruitment and selection.
- Consider various techniques and methodologies to differentiate the excellent from 'the average candidate using Competency frameworks.

Targeted Groups:

- Head of Departments.
- Recruitment Personnel.
- HR Managers.
- HR Professionals.
- Professionals are responsible for managing or supervising any person, group, or team especially in an organization that uses competencies.

Targeted Competencies:

By the end of this competency-based recruitment and selection methodologies program, the participants will be able to:

- Problem-solving skills.
- Decision-making abilities.
- Team collaboration and leadership.
- Communication skills verbal and written.
- Adaptability and flexibility.
- Analytical thinking.
- Time management.
- Innovation and creativity.

Understanding Competency-Based Recruitment:

Competency-based recruitment has become a pivotal approach to hiring talent in today's dynamic workforce. This methodology aligns with the advantages of competency-based recruitment and selection, ensuring a systematic and precise fit between the job roles and candidate capabilities. By defining competency-based selection processes, organizations can optimize their hiring strategies to focus on what is competency-based recruitment and caliber within their talent pools.
