Advanced Financial Statements Analysis and Reporting Course

Ref.: 15254_278417 **Date:** 28 Oct - 01 Nov 2024 **Location:** London (UK) **Fees:** 9300 Euro

Introduction:

In a global and increasingly competitive environment, the need for effective and enforced Corporate Governance and International Financial Reporting Standards IFRS is all too evident.

This advanced financial statements analysis and reporting program establishes the Case for Corporate Governance and International Financial Reporting Standards by examining inappropriate practices such as creative accounting and off-balance sheet financing and examining examples such as Enron and WorldCom, among others.

It evaluates and interprets financial reports prepared under IFRS. Financial expertise, particularly in advanced financial statement analysis and reporting, is essential for financial professionals who aspire to excel in today's business environment.

This advanced financial statements analysis and reporting course blends in-depth financial reporting and analysis knowledge with practical skills. The emphasis on financial statement analysis and reporting ensures that participants can apply these critical competencies in the workplace.

Targeted Groups:

- Finance Professionals.
- Accountants.
- Auditors.
- Persons who are interested in getting excellent knowledge to improve their career.

Course Objectives:

At the end of this advanced financial statements analysis and reporting course, the participants will:

- Become aware of the case for Corporate Governance and International Financial Reporting Standards.
- Identify the creative accounting methods adopted by companies when preparing their financial statements.
- Understand and appreciate the lessons Learned from accounting scandals such as the Enron and WorldCom cases.
- Gain an understanding of the Structure of IFRS.
- Become aware of the adoption of IFRS, current issues/IFRS convergence projects, and convergence problems.
- Present Financial Statements under IFRS.
