Effective Purchasing and Contract Negotiation Strategies

Ref.: 4046_282905 **Date:** 03 - 07 Feb 2025 **Location:** Barcelona (Spain) **Fees:** 4900 **Euro**

Introduction

The art of negotiation stands as a cornerstone in the foundation of commercial business success. Often, the responsibility of negotiation is in the hands of those least equipped to forge an effective outcome, resulting in adverse effects on an organization's profitability and success.

This comprehensive procurement and contract negotiation strategies course provides essential, experience-based insights into the preparation and execution of successful negotiation strategies, equipping individuals with the necessary competencies and skills to excel and achieve favorable results.

The procurement and contract negotiation strategies seminar and purchasing negotiation training are invaluable resources for professionals looking to refine their procurement negotiation and purchasing negotiation tactics.

By participating in such a procurement and contract negotiation strategies program, individuals can work towards a contract negotiation certification, becoming certified contract negotiators with the knowledge to apply advanced supply chain negotiation strategies and engage effectively in contract negotiation in supply chain management.

Targeted Groups

- Purchasing professionals.
- Individuals involved at various levels in projects, site contract management, and engineering with supply chain involvement.
- Personnel influencing the selection of materials, services, and sources of supply.
- This procurement and contract negotiation strategies course is for anyone seeking to deepen their understanding of the purchase process, regardless of their background or current role/position.

Course Objectives

Participants in the procurement and contract negotiation strategies course will learn to:

- Grasp the significance of thorough planning for a successful negotiation journey.
- Survey varying approaches in negotiations, instituting the most effective contract negotiation strategy
- Uphold and recognize standards of ethics within procurement and negotiation.
- Discern, rate, and bring value to the forefront of negotiation discussions.
- Assess individual strengths and weaknesses, fostering procurement negotiation tactics.
- Comprehend the crucial considerations in various contract clauses.
- Embrace the essential elements of last-minute negotiation preparations.
- Encounter common negotiation tactics and countermeasures.
- Gain hands-on experience and bolster confidence through active negotiation of sample cases.

Targeted Competencies

At the end of this procurement and contract negotiation strategies course, the target competencies will be able to develop:

- Enhance contributions in Purchasing and understand its potential.
- Self-assess current capabilities and identify areas for personal improvement
- Bolster confidence when navigating diverse environments, cultures, and business levels.
- Acquire a deft hand at managing challenging negotiating positions.
- Demonstrate persuasive power and understanding toward others' challenges.
- Challenge existing methods and systems with a discerning eye toward innovation.
