Lead Strategic Planning & Innovation to Develop Deliverable Strategies

Ref.: 1008_283751 **Date:** 09 - 20 Dec 2024 **Location:** Boston (USA) **Fees:** 9500 **Euro**

Introduction

Effective strategic leadership is fundamental to the future success of any organization. This starts with defining a clear strategic vision - establishing the leadership teams direction for the organization and its entities.

Leaders will translate this vision into an actionable strategy or a strategic planning course in this strategic planning training.

This encompasses creating a framework for business planning deliverables, discerning the necessary path for the business, and enabling managers to make aligned decisions.

Participants in this innovation strategy course will build innovation skills and apply changes to ensure the efficacy of new strategies, visions, or missions within the dynamic modern environment.

Focus will be placed on the strategic planning and development process, empowering the organization to achieve its projected goals.

Enhancing Strategic Leadership

In our rapidly evolving business landscape, the development of an innovative leadership mindset is crucial. This strategic leadership training module aims to foster a culture of advanced strategic thinking and innovative plan development.

Targeted Groups

- Head of departments
- Managers at all managerial levels
- Supervisors and Team leaders
- Strategic Planning department
- Employees aiming to enhance their careers through strategic leadership training

Course Objectives

By the end of this strategic planning training course, participants will:

- Craft leaders have three vital strategic agendas: Intellectual, Managerial, and Behavioural.
- Enhance strategic thinking and the ability to envision potent strategic futures.
