Ref.: 3027_287778 **Date:** 04 - 20 May 2025 **Location:** Cairo (Egypt) **Fees:** 3000 Euro

Introduction

Rapid and radical change is affecting the whole of the world. Everywhere in the world, we are facing significant challenges in terms of growth and competition.

In other places, the key to organizational success and efficiency is creating real value, controlling costs, and maintaining market competitiveness. In these circumstances, companies are increasingly searching for a source of competitive advantage, mainly through maximizing every advantage of their human capital.

This practical HR in business development course shows you how the HR function can be a competitive advantage and the policies that should be developed.

Understanding the Role of HR in Business

In today's competitive landscape, understanding the role of HR in a business is vital for organizations aiming to achieve sustainable growth.

This HR in business development course segment specifically delves into business HR courses and the importance of HR in business planning.

Participants in the HR in business development course will explore how HR strategies are integrated into broader business objectives and how the role of HR in business can drive company-wide innovation and performance.

Targeted Groups

- Human resource professionals are team leaders, supervisors, and middle management-level individuals wishing to advance their careers.
- Managers at all levels who want to consolidate, refresh, and reinforce their knowledge and skills.
- It is ideal for delegates who intend to move into human resource management after experience in line management.
- Line Managers wish to understand better the fundamental Human Resource practices to manage their teams more effectively.

Course Objectives

At the end of this HR in business development course, the participants will be able to:

- Understand empowerment, what it means, and how to achieve measurable results.
- Learning about recruitment and retention - finding and keeping successful people is becoming increasingly difficult.
- Appreciating the new techniques for recruitment will significantly improve their chances of getting the best people.
- Master how to do performance management and, more importantly, get the tools to measure the results accurately.
- Learn about behavioral competencies; you can use a new process to measure and manage competencies and see the new formula for valuing competency improvement.
- Master motivation and see how a new focus in performance appraisal can transform results and improve productivity.
- Cut edge of innovation and latest processes specifically for world-class HR functions.
- Implement ROI within their organizations.

Targeted Competencies

At the end of this HR in business development course, the target competencies will be able to improve:

- Business productivity improvement.
- Mastery of competencies.
- HR process innovation.
- Self-development.
- Leadership development for self and others.
- HR measurement and effectiveness techniques.
- Innovation and creativity.
