Techniques of Creativity & Innovative Ideas

Ref.: 15063_289971 **Date:** 12 - 16 Aug 2024 **Location:** Lisbon (Portugal) **Fees:** 4900 **Euro**

Introduction:

Innovation and creativity are one of the basic requirements in management or even satisfactory to do business in the contemporary environment, as it is no longer sufficient for organizations of all kinds by traditional routine methods because continuing with them may lead to the failure of organizations, to ensure their survival and continuity, should not stop at the limit of efficiency. In the sense that you do things right, but that their ambition must be further than that so that innovation, creativity, and innovation are the hallmarks of their performance.

Contemporary and modern management needs to modify the pattern of decision-making and improve and develop in the ways and methods of setting priorities and goals, and this can only be done by creating and creating the appropriate, appropriate and appropriate organizational climate, which allows and gives way to innovative and creative thought in emerging, development and growth. This subject suffers from weakness in management.
