People Analytics and HR Dashboarding Course

Ref.: 15252_292950 **Date:** 19 - 23 Jan 2025 **Location:** Manama (Bahrain) **Fees:** 3900 Euro

Introduction:

New business requirements, innovations, and International HR models make it essential for HR to be in strategic harmony with the business. No longer just a burdensome cost, HR has evolved into a pivotal role in forming company strategy.

The new structure for future HR departments will mean a massive rethink of how HR contributes to the business and how its value is measured, solidifying the importance of People Analytics in HR. This innovative and dynamic program will cover all the latest thinking and new models for Strategic HR, incorporating elements such as HR Dashboard analytics to ensure data-driven decision-making.

In today's world, HR managers are faced with increasingly complex responsibilities, and to meet these challenges, management skills must be continuously sharpened. This people analytics and HR dashboarding program will focus on the management and leadership skills necessary for success in the fast-changing business environment, stressing the significance of HR and People Analytics in driving organizational success.

By integrating these concepts into the curriculum, the people analytics and HR dashboarding course aims to provide a comprehensive understanding of the intersections between People Analytics and human resource practices and the development of effective HR dashboarding for analytics purposes.
