Mastering Contract Management and Claims Mitigation Conference

Ref.: 8238_294313 **Date:** 06 - 10 Jan 2025 **Location:** Barcelona (Spain) **Fees:** 4900 Euro

Introduction:

Contracts are the foundation of business transactions and establish the rights and responsibilities of the involved parties. This Master in contract management and claims mitigation event serves as an interactive hub where contract management training intertwines with real-world application, providing attendees with strategies for effective contract management and insightful tactics for claim mitigation.

This contract management and claims mitigation conference aims to build an international risk management strategy solid in contract knowledge and practical. Participants will glean good business practices to recognize and seize opportunities, improve efficiencies, and, ultimately, drive profitability. Understanding contracts and mastering the basics of contract management will be focal themes.

Targeted Groups:

- Contract Professionals.
- Tendering, Purchasing, and Procurement Professionals.
- Project Management Professionals.
- Engineering, Operational, Finance, and Maintenance Professionals.

Conference Objectives:

At the culmination of this contract management seminar, participants will be able to:

- Acquire essential contractual and legal knowledge.
- Understand and implement various types of agreements.
- Improve commercial awareness for the effective execution of contracts.
- Enhance capabilities in managing contracts to diminish claims and conflicts.
- Identify and mitigate risks along with their commercial and program implications.
- Comprehend the significance of meticulous record-keeping and the serving of contractual notices.
- Recognize commercial liabilities stemming from schedule modifications and variations.
- Negotiate and preserve long-term inter-business contracts with confidence.
- Address issues promptly and aim to resolve disputes internally when possible.
- Analyze, negotiate, and execute the best dispute resolution methods, preventing escalation through early detection.

Targeted Competencies:

At the culmination of this contract management seminar, target competencies will:

- Fostering expertise in the art of contract management.
- Refining exceptional negotiation skills.
- Enabling professional development.
- Elevating job satisfaction.
- Gaining recognition from organizations, leading to career advancement.
- Building confidence in leading, planning, and steering the entire contract process.

Effective Contract Management: Insights and Techniques

As the landscape of contract management evolves, professionals in the field must be equipped with advanced mitigation training, practical mitigation management knowledge, and a clear understanding of effective contract management strategies.

Through in-depth discussions and practical exercises, attendees at this contract management and claims mitigation conference will explore the nuances and complexities of contract mitigation to prevent, manage, and resolve disputes effectively.

This contract management workshop is designed to instill in each attendee the mastery of contract management principles and the competence to navigate complex contract situations with poise and confidence.
