**Ref.:** 2072\_294351 **Date:** 20 - 24 Oct 2024 **Location:** Kuala Lumpur (Malaysia) **Fees:** 3900 Euro

## Introduction

The efficient management of the payroll function is crucial for any business with multiple employees. It requires meticulous attention to detail and an acute awareness of the ever-changing regulatory landscape. The seamless integration of payroll operations with the finance and human resource departments is pivotal to the operational success of an organization.

This advanced payroll, compensation, and benefits management course provides a comprehensive understanding of payroll management and the implementation of adequate controls, focusing on their practical application in the workplace. It is ideal for those looking to handle payroll functions within their organization or to expand their skill set for career advancement.

Aside from payroll, compensation, and benefits are charged with emotion, impacting both employers and employees significantly. Forming and managing a rewards structure is a fundamental element of human resource management, critical to devising a benefits package that aligns with company objectives.

Through this advanced payroll, compensation, and benefits management course, participants will receive specialized payroll management training, learning the most recent processes and best practices in payroll administration.

They will be empowered to manage and implement sophisticated payroll systems, making this training essential for payroll professionals aiming to advance their careers.

## HR Compensation and Benefits Certification

For Human Resource professionals, obtaining HR compensation and benefits certification bolsters their credentials. This course encompasses HR compensation and benefits courses that help harness the skills needed to effectively manage and structure employee rewards.

As payroll becomes increasingly complex, HR professionals must undertake payroll courses for HR professionals, ensuring they are current with the legal and practical aspects of payroll management.

Acquiring compensation and benefits manager certification signals expertise in managing a company's reward systems. This certification is highlighted within the course, aiming to prepare managers for their unique challenges.

## Targeted Groups

- Payroll administrators looking to enhance their payroll knowledge and skills.
- Human resource professionals who wish to understand better the payroll system and how it is integrated into the corporate human resource environment.
- Accountants aiming to broaden their skill set for career enhancement.
