Internal Auditing Training Course

Ref.: 2047_296197 **Date:** 06 - 10 Jun 2027 **Location:** Istanbul (Turkey) **Fees:** 4900 **Euro**

Introduction:

With businesses under closer scrutiny, it's more important than ever that your company's internal auditing meets standards and requirements.

This certified internal auditor course will help you ensure that your company's internal auditing systems fully comply with these standards.

More than that, however, this certified internal auditor course goes beyond accounting boundaries to provide real insight into the managerial, political, and technical dynamics of internal auditing.

This course is designed as an internal auditor training course, providing comprehensive internal auditing training to enhance the skills and proficiency required to excel in internal auditing.

Internal audit training courses, including audit evidence collection, risk management practices, and audit reporting techniques, will benefit participants.

Becoming A Certified Internal Auditor:

Engaging in a certified internal auditor course, participants can embark on the path to becoming an internal auditor, gaining knowledge and tools necessary for conducting robust financial audit training.

This crucial facet of the program covers the key concepts and practices for becoming a certified internal auditor.

Targeted Groups:

- Quality assurance staff.
- Internal audit managers.
- Senior internal auditors.
- This Certified Internal Auditors course is for people who want to gain new skills in internal auditing to improve their careers.

Course Objectives:

At the end of this certified internal auditor course, the participants will be able to:

- Define internal auditing and internal control.
- Identify "high-risk" processes—and build control systems that mitigate the risk.
- Develop control-based internal auditing recommendations that help management meet tactical and strategic objectives.
- Focus on the investment in internal audit.
- Document and evaluate internal control systems.
- Understand audit evidence and audit sampling.

Targeted Competencies:

At the end of this internal auditor training course, the target competencies will be able to:

- Internal audit management.
- Improvement and innovation.
- Internal audit delivery.
- Persuasion and collaboration.
- Documentation.

Certified Internal Audit Certification:

One of the course units will discuss internal audit certifications and audit certification programs.

Participants interested in internal auditor certification will find this training conducive to preparing for and obtaining their internal auditor certificate.

Course Content:

Unit 1: Internal Auditing and the International Business Environment:

- Define internal auditing.
- Identify the components of a practical internal audit function.
- Define the management responsibilities of an internal audit function.
